

CD 1240

**DIGITAL  
MULTIFUNCTIONAL SYSTEM**

**CD 1240**

## **CD 1240: SYSTEMATIC QUALITY**

### **AND A TIME SAVING BONUS.**

Long waiting times for copies and print outs belong to the past with the CD 1240. With 40 pages a minute in first-class black and white quality, this multifunctional system is undeniably fast; a great time saver, even in a larger office environment. Reliability and efficiency are just two of the many added advantages boasted by this team player. The direct connection to your office network produces brilliant output – and it is just as easy to use for input, too: the b/w or colour duplex scanning function enables all kinds of processing options to be selected directly from the system's control panel.

#### **SPEED IS ALSO A MATTER OF ORGANISATION.**

Thanks to 512 MB RAM and a 40 GB hard disk, your documents are kept perfectly organised – this multi-talent manages multiple jobs in just a matter of moments. Whether copying, printing or scanning, the CD 1240 instantly accepts whatever input you feed in. Incoming data is processed as it arrives, even while another job is in progress and your office work flow is never held up for long. The CD 1240 wakes from sleep mode within just 15 seconds and it takes just another 3.5 seconds before the first copy is in your hands.

**EFFORTLESS PAPER COMBINATIONS.**

The CD 1240's data management system makes so much possible: A4, A3 – just copy the various originals into the memory. Once they have been scanned in, a press of a button is enough to print even mixed formats out in one go without interruption!

**COMFORTABLE OPERATION EASY TO USE.**

It is vital that a sophisticated system is easy to use: the CD 1240 excels in this. The large colour display can be angled to suit the user, who can access all features via the graphic control panel. This also displays thumbnails of all the documents held in the memory, and for those regular tasks, up to 50 memory functions allow frequently used copying, printing and scanning programs to be stored. Another practical aspect is the facility for printing PDF files without using a PC – simply by inserting any standard USB stick in the slot provided.

**KEEPS ITS PROMISES – FOR A VERY LONG TIME.**

Excellent economy, optimal reliability – if you can rely on your system a hundred percent, you can focus your energy on more important things. The CD 1240 is constructed using only high quality components, like the extremely durable drum. The quality of the individual parts also makes this machine environmentally friendly and ensures that the CD 1240 is an almost silent partner in your company.

CD 1240

**THERE IS ALWAYS ROOM FOR JUST A LITTLE BIT MORE.**

The CD 1240 would not be a true all-rounder if you could not also opt to use it as a cost-efficient fax. Simply insert a fax card in the device's corresponding slot and the CD 1240 is effortlessly transformed into a first-class fax machine. The fax function simply integrates into your network, even enabling cost-saving faxing via internet. And data security is covered by installing the Data Security Kit option – the latest in modern security systems.

**SIMPLY READY TO PRESENT.**

The CD 1240 combines all your needs for presentation handouts, product folders and customer flyers in just one system. The optional finisher extension allows you to produce professional-looking brochures in just a few easy steps. The extension options are as varied as your requirements are individual. Hole punching, folding, stapling or sorting – with the right extension, this multi-talent manages any task you set it in the shortest possible time and just as with every job the CD 1240 performs, here too, the results are an absolute highlight!

## EFFICIENCY SIMPLY IMPLEMENTED.

The CD 1240's 600 MHz processor also flaunts its extraordinary efficiency with a range of input options. The multi-tasking capabilities allow copying, printing and scanning jobs to be processed simultaneously. And all that at an impressive speed, thanks to the 40 GB hard disk and 512 MB RAM. Incoming data is saved here and the system begins to process it, whilst completing the current job. One single IP address for everything and the latest software ensure that everything runs smoothly on this front as well.

# CD 1240

## TOP PERFORMANCE, EVEN IN REVERSE.

Sending data from PC to the system for printing is one option, but the CD 1240 offers a range of alternatives for the process in reverse: the duplex scanner system can scan in documents with up to 600 dpi. The key is organisation: everything is scanned directly into the office network and filed into a folder on your PC, onto the FTP server or attached directly to an e-mail – depending on the settings you have chosen. The timing is perfect as usual: up to 50 black and white scans or 25 colour scans a minute.

# TECHNICAL DATA CD 1240

## GENERAL

Type	Desktop
Function	Copy, print, scan, optional: fax
Print technology	Laser b/w
Original format	max A3 on the platen glass
Copy/print speed	max 40 A4 pages/min and 23 A3 pages/min
1st copy/warm-up time	3.5 seconds*/25 seconds
Copy resolution	600 x 600 dpi
Greyscales	256
Paper feed	2 x 500 sheet universal cassettes (A3-A5R), 200 sheet multi-bypass (A3-A6R)
Paper weights	Universal cassette 60-105 g/m <sup>2</sup> , multi-bypass 45-200 g/m <sup>2</sup> , duplex 60-80 g/m <sup>2</sup>
Paper output	250 sheet A4
Copy memory	512 MB RAM (max 1,024 MB), 40 GB HDD
Continuous copying	1-999 copies
Zoom	25%-400% in steps of 1%
Functions	Duplex, moveable touch-screen, 1,000 management codes, multi-tasking controller, online help at touch-screen, programming of 50 programs for copying, printing, scanning and faxing, brochure function, etc.

## DIMENSIONS/WEIGHT

Dimensions	745 x 599 x 646 mm (H x W x D)
Weight	approx. 85 kg

## ENVIRONMENT

Mains voltage	220/240 V, 50 Hz
Power consumption	approx. 1,010 W in operation, approx. 230 W in stand-by mode, approx. 17 W in sleep mode
Noise level	approx. 69 dB(A) in operation, approx. 52 dB(A) in stand-by mode
Safety	GS/TÜV, CE

## PRINT SYSTEM

Type	Integrated within the system
Print format	A3-A6R
Print speed	max 40 A4 pages/min
Print resolution	600 x 600 dpi
Processor	PowerPC 750FL/600 MHz
Print memory	Shared copying and printing memory
Interfaces	IEEE 1284, USB 2.0, 10/100BaseTX, USB-Host, CF-Slot

Network protocols	TCP/IP, IPX/SPX, Net BEUI, EtherTalk
Operating systems	Windows 2000, XP, Server 2003, Novell NetWare, Linux, Mac ex OS 9.2
Emulations	PCL6, KPDL 3 (Postscript 3 compatible), PRESCRIBE IIe, Line Printer, Diablo 630, Epson LQ-850, IBM Proprinter X24E, KCGL
Functions	Direct printing from USB stick, encryption in data communication (SSL), etc.

## SCAN SYSTEM

Scan type	CCD colour and b/w
Scan format	max A3
Scan speed	Colour: max 25 A4 originals/min, b/w: max 50 A4 originals/min
Scan resolution	200 dpi, 300 dpi, 400 dpi, 600 dpi
Scan modes	Photo, text, photo/text, OCR
File types	TIFF, PDF, JPEG
Interface	10/100BaseTX
Network protocol	TCP/IP
Operating systems	Windows 2000, XP
Software	Paper Port (OEM-version)
Functions	Scan to SMB, scan to e-mail, scan to FTP, TWAIN-scan, LDAP

## OPTIONAL FAX SYSTEM (M)

Compatibility	Super G3
Original format	max A3
Modem speed	33.6 kbps
Transmission speed	3 seconds or less using JBIG
Compression methode	JBIG, MMR, MR, MH
Fax resolution	Standard (200 x 100 dpi), fine (200 x 200 dpi), ultra fine (400 x 400 dpi), 600 x 600 dpi
Fax memory	120 MB
Operating systems	Windows 2000, XP
Functions	Integrated address book, fax-reception memory on HDD, thumbnail-viewer, fax-forwarding to another fax, e-mail or PC, denial of certain numbers, editable cover sheet, internet-fax

## OPTIONS

Original feeder	DP-700 with simultaneous duplex scanning (A3-A5R), 100 sheet A4 capacity
Platen cover	Platen cover type D (if document processor is not installed)

Finisher	DF-730 (1,000 sheet A4 capacity, stapling max 30 sheet A4), DF-710 (3,000 sheet A4 capacity, stapling max 50 sheet A4, saddle stitching max 16 sheet A3/A4/B4), PH-5C hole punch unit for DF-710, BF-710 brochure folding module for DF-710, MT-710 multi tray for DF-710, DF-720 (internal finisher, 500 sheet A4 capacity)
Job separator	JS-700 (100 sheet A4 capacity)
Paper feed	PF-700 (2 x 500 sheet universal cassettes (A3-A5R)), PF-750 (3,000 sheet large capacity cassette (A4))
Other options	Data Security Kit (C), upgrade kit for high compression PDF and encrypted PDF, BU-10 data-backup-kit, DT-700 document tray, cabinet wood no. 50
