A4

HIGHLY COMPACT
AND ENORMOUSLY HELPFUL.

THESE FIVE A4 MULTIFUNCTIONAL SYSTEMS PROVIDE MAXIMUM PERFORMANCE IN A MINIMUM AMOUNT OF SPACE. THEY ARE PARTICU-LARLY WELL SUITED TO PLACES WHERE EVERY INCH IS PRECIOUS.

Wherever they are put to use, be it a reception, in the home office, in the hospital ward, or as an extension of the main multifunctional system – even when space is at a premium, our multifunctional systems will deliver what's required. Despite their compact size, these systems are built for performance and offer a wide range of functions.

The pleasing design integrates seamlessly with any office environment, and the printing system is compatible with almost any network. A programming function lets you store and recall recurring jobs, even complex ones – something that will save you a lot of time. You can also print directly from a USB stick or scan your data directly to your storage medium, reliably and with ease. The well-designed control panel makes operation easier than ever. Thanks to an authentication function, you can even assign your jobs to individual projects or departments. This ensures a reliable workflow and helps keep costs down.

There's one feature that makes this multifunctional system particularly versatile: The integrated duplex printing function saves not only space but also time and money.

Intuitive operation

WHAT IT WILL DO FOR YOU:

Usable anywhere: The compact, pleasing design suits any setting.

Original feeder with auto reverse function offering a capacity of 50 pages.
Versatile and efficient: Scan in b&w or colour, single sided or double sided, and if needed, upwards of 50 pages.

Comprehensive fax function: With the CD 5230 or CD 5235 at the press of a button.

Simple and fast: Scan directly to your USB stick.

Card Authentication Kit (B)**
Secure printing: Thanks to an authentication function for controlling user authorisations, your printouts will never end up in the wrong hands. In addition, the printer driver provides a "Private Printing" function[2].

Wide range of printer drivers: The system can be integrated into virtually any network environment.

Economical use of resources: Thanks to long-lasting consumables, only the toner cartridge needs to be replaced.

Energy saving: This lowers your operating costs and helps to protect the environment.

Max. 3 x 250-sheet universal cassettes* and 50-sheet multi-bypass
High productivity: Copy and print up to 30 or 35 A4 pages per minute without having to restock the paper trays all the time.

Prescription printing: Print formats ranging from A6R to A4 using the standard cassette and the multi-bypass.

Diverse range of print media (e.g. letterhead, postcards, labels, etc.): Processes paper weights of 60–220 g/m².
